

## Debbie's Angels - Our Concierge Companion Service

**Our Debbie's Angels are college-educated** and individually matched to our clients to facilitate their ability to engage in social activities and enhance their quality of life. Coordinated by a small team of our care managers with backgrounds in dementia care and therapy, this program is designed to meet the needs of our clients who can benefit from the support of a companion to enjoy favorite activities but do not yet require hands on assistance with personal care.

**Our Debbie's Angels companion service is flexible** to meet the needs, interests, and capabilities of the client. Accompanied by their Angel, our clients are able to enjoy:

- ❖ Trips to museums, theatres, concerts, social clubs, etc.
- ❖ Lunch or dinner at a favorite restaurant
- ❖ Social outings, friendly visits, and grocery shopping
- ❖ Beauty and medical appointments, and worship services
- ❖ Holiday or birthday celebrations
- ❖ Favorite hobbies
- ❖ Basic technology support (iPad, home computer, phone, etc.)
- ❖ Weddings, graduations, and other special events
- ❖ Musical instruments or favorite music activity
- ❖ Nature walks or stroll in a neighborhood park

*"What a gift you are for my mom and me! You not only have the perfect touch when it comes to approaching my mom's generation, but your knowledge of music is fantastic. I love all the details you give. It's like being there and I'm so happy we found you." - A Grateful Daughter*

We Are Like Wedding  
Planners For  
Growing Older.™

**Independently owned and operated since 1988**, our dedicated team of Aging Life Care™ managers provides individualized support and expert guidance to older adults facing the challenges of aging or disability, and their families.

**Our knowledgeable team** of seasoned nurses, social workers and gerontologists supports families and professionals caring for older adults, using their expertise and understanding of the aging process and chronic illnesses to guide our clients towards practical solutions with confidence and compassion.
