Debbie's Angels - Our Concierge Companion Service

Our Debbie's Angels are college-educated and individually matched to our clients to facilitate their ability to engage in social activities and enhance their quality of life. All of our Angels receive intensive initial training on how to engage with our clients, especially those living with a dementia diagnosis, and participate in ongoing trainings quarterly. This program is designed to meet the needs of clients who can benefit from the support of a companion to enjoy favorite activities, but do not yet require hands on assistance with personal care.

Our Debbie's Angels companion service is flexible to meet the needs, interests, and capabilities of the client. When relevant, the Angels are integral part of the client's care management team and engage in open communication with care managers to ensure the continuity of quality care. Accompanied by their Angel, all expenses incurred during the visit, such as parking, tickets to an event, or meals are paid by the client. Clients are able to enjoy:

- ❖ Trips to museums, theatres, concerts, social clubs, etc.
- ❖ Lunch or dinner at a favorite restaurant
- ❖ Social outings, friendly visits, and grocery shopping
- ❖ Beauty and medical appointments, and worship services
- ❖ Holiday or birthday celebrations
- ❖ Basic technology support (iPad, home computer, phone, etc.)
- ❖ Weddings, graduations, and other special events
- ❖ Favorite hobbies, musical instruments or favorite music activity
- ❖ Nature walks or stroll in a neighborhood park

“What a gift you are for my mom and me! You not only have the perfect touch when it comes to approaching my mom’s generation, but your knowledge of music is fantastic. I love all the details you give. It’s like being there and I’m so happy we found you.”
